Coleman Couple Celebrate 40th Anniversary

Mr. and Mrs. Alois Kalivoda of Coleman celebrated their fortieth wedding anniversary at their home on Sunday, October 15th.

Their daughters and families came to share this special occasion and presented them with flowers and appropriate gifts.

Betty Omelusik and Donna Brysuk, grandchildren, wished them the best of everything in the future by reciting suitable verses.

Ronny Krywolt sang an anniversary song and Albert Krywolt, grandson, proposed a toast to a wonderful grandfather and grandmother, to which Mr. Kalivoda replied in a few well chosen words.

He also reminisced about their wedding 40 years ago and what a lovely day it was and then compared it favorably to the present day.

Mr. and Mrs. Kalivoda did not forget to mention grandson Stephen Vrsky, who is in the army, and Lydia Vrsky, who is studying to be a lab. technician in Lethbridge and therefore were unable to attend the anniversary, but their congratulations were gratefully acknowledged.

Mr. and Mrs. Kalivoda have resided in Coleman for the past 30 years and are a well known and respected couple. The many friends of this fine couple wish to join their family in congratulating them on the happy occasion.

Pensioners Hold Regular Meeting

The Coleman Old Age Pensioners Association held a meeting in the Elks hall in Coleman this month, which was attended by ten visitors from the Hillcrest organization.

The Coleman executive were pleased at the local attendance of some 30 members as poor attendance during the past few meetings had made the executive consider disbanding the group.

With members again showing interest in the group the annual Christmas party was discussed and will be held in the Elks hall on Monday, December 4th.

Some plans for the banquet supper and entertainment were discussed and will be enlarged upon during the next meeting.

All members are requested to attend the meetings to participate in the Association's affairs.

NOTICE

TO ORGANIZATIONS CATERING
TO BANQUETS

Dear Sir:

It has come to my notice that church organizations, clubs, etc., are catering for banquets, dinners and other social events.

The summary of the Provincial Board of Health Regulations states that "Wherever food is sold to be consumed on or about a public premise a licence from the local Board of Health in this case the Chinook Health Unit is required."

To avoid inconvenience and controversy I would advise all such organizations that are catering to apply for a licence. The licence is free of charge.

The reason for this legislation is that cases of food poisoning are not uncommon and are of great concern to health authorities. Unless it is known where the food was obtained, where it was prepared and who handled the food, it is difficult to find the cause of contamination and prevent recurrence.

The smallest good deed is better than the greatest intention.

Library Officially Opened

Despite stormy weather a good representation of citizens and interested persons was on hand Friday evening for the official opening of the Coleman Community Library.

The affair opened when Home & School President, Mrs. Helen Kropinak expressed a welcome to all. She introduced Mrs. R. Upton, chairman of the Library Board, and commended her for all the fine work she had done in organizing groups and working towards getting the library started.

Mrs. Kropinak also introduced Mrs. Mildred Zak, who was the Coleman Home & School first president. She named Mrs. Zak as being one of the persons instrumental in the Coleman Library being born. She stated that Mrs. Zak's idea of the Home & School sponsoring a travelling nightgown had raised a total of \$172.00, which amount had been turned over to the Library.

Mrs. Kropinak then introduced various persons and mentioned the offices they would hold on the Library Board. Those named were Melvin Cornett, secretary; Rev. deLeeuw, book selection convener; Lions Club representative, Arthur Graham; Horace Allen, School liaison officer; John Wavrean, the publicity chairman; John Owen of the Coleman School Board; Steve Penney of the Coleman Local UMW; Martha Michalski, high school students representative.

Mrs. Kropinak then expressed thanks to the town of Coleman, the Coleman Local of the Union, the Coleman merchants, the Elks and the O.R.P., the Lions, Fire Chief Henry Zak, and to all ladies and to others who assisted in making the library become a reality. In concluding her remarks she also expressed thanks to all who had donated books and mentioned that there was still a need for more books and donations would be welcome.

She added the Library would be open from 4 p.m. to 8 p.m. on Thursdays and that memberships had been set at adults \$2.00, students \$1.00 and children \$0.50. She also stated the Board were going to purchase \$300.00 worth of books before the end of the year.

Mayor Frank Aboussay was then called upon and opened his remarks by commending all those persons responsible for having worked so hard to have such a fine library made available for Coleman. He stressed the need of a library in a town to further cultural activity and provide good reading for both young and old.

He stated that when he first went on the Coleman town council he had seen the need for a library and had attempted to organize such an institution, but due to lack of government grant for such a purpose and other factors involved, the library was never started.

His Worship continued that good books (fiction) should be available to everyone as well as non-fiction, for he said fiction is like the main course of a meal, while the non-fiction is a dessert.

In concluding his remarks Mayor Aboussay expressed thanks on behalf of the town and Coleman public to the Coleman Home & School Association for having inaugurated such a fine institution in town. He then declared the library officially open.

Mrs. Kropinak, in expressing thanks to Mayor Aboussay, presented him with the first membership card to the library for use by both himself and Mrs. Aboussay.

In concluding she also expressed her thanks to the Blairmore Library Board and to Mr. and Mrs. C. M. Larbalestier of the Blairmore Board who assisted them in getting their library started and who have offered their experience to get it functioning.

A lunch was then served by the ladies and a general inspection of the premises was enjoyed by all present.

Card of Thanks

I wish to thank all my many Coleman friends who sent cards, flowers, gifts and "get well" wishes while a patient undergoing surgery in Calgary. These kindnesses were very deeply appreciated.

MRS. J. M. RUSHTON.

COAL SEMINAR AT FRANK

An optimistic outlook for the future of the coal and coking industry was given at the Coke Production Seminar held at Frank October 5th to 7th, which was attended by 38 representatives, none less in rank than chief engineers, from steel, coke, coal, manufacturing and research companies from Italy, England, Japan, Mexico, United States and Canada.

The general feeling implied by all attending the seminar was that there is a definite trend upwards in the industry, and coke will more than hold its own in the future.

The representatives arrived at the Turtle Mountain Hotel Thursday night, after having had their first session at the Calgary airport during the morning hours from 10 a.m. until 2 p.m.

On Friday morning the men were taken on a tour of the Crows Nest Pass Coal Company coke ovens and plant at Michel, B. C.

Host for this affair was Thomas S. Ewart, president of the company.

Whole lectures during the tour and an explanation of the company's coking procedure was given by William R. Prentice, secretary sales manager of the Crows Nest Pass Coal Company. Following this tour the men returned to Frank for the afternoon seminar.

Chairman of the Seminar was David E. Wolfson, engineer in charge, carbonization, the United States Bureau of Mines of Pittsburgh, Penn. Discussions at the affair dealt mainly with the economics of coke and the coking industry, its background and future.

An optimistic outlook for the industry was general throughout the Seminar.

On Friday evening the Seminar

wound up with a banquet supper, during which time John B. Shallenberger, president of Connellsville Corporation of Connellsville, Penn was the guest speaker.

Mr. Shallenberger, prominent in Ford Foundation work, has travelled in 109 countries during the past year. His address dealt with the construction, possibilities of operation and feasibility of some twenty various types of coking ovens used in various countries in the world.

Feasibility of the various types of ovens was discussed by the representatives of the various companies present who volunteered information and pros and cons of the different type ovens.

Representatives from such well known companies as Bethlehem Steel Company, United States Steel Corporation, Algoma Steel Corporation of Sault Ste. Marie, Dominion Steel and Coal Corporation of Sydney, Nova Scotia; Kaiser Steel Corporation of Fontana, Calif.; Pacific States Steel Corporation of Union City, Calif., International Minerals and Chemical Corporation of Skokie, Illinois were present at the affair.

Home & School Turn \$174.30 Over To Library

The Coleman Home & School Association met in the Coleman school on Monday, October 16th when it was reported that the travelling nightgown sponsored by the Home & School Association had netted a total of \$174.30—which amount was turned over to Coleman Library Fund.

Nightgown was passed around from person to person and donations for the Library were sewn under patches on the nightgown.

During the evening Bandmaster Frank Edl addressed the meeting, describing methods used in teaching pupils read and brass instruments. He demonstrated all methods used and followed by playing a clarinet duet with Dick Burgman of Blairmore, accompanied on the piano by Mrs. R. B. Burgman.

The room attendance prizes were awarded to Mrs. Turonde grade five room and Miss M. Dumlop's grade one room, both of Cameron school in West Coleman.

A lunch was served to the 30 members present at the affair.

There sure are a lot of fellows who can't play the guitar... who do.

QUITE A TASK

On the first day after the honeymoon was over, the bridegroom came home from work and queried his young bride, "What did you do today, dearest?"

"I filled the salt shaker, darling."

"This took all day?"

"It's not easy," she protested; "I pour salt through those little holes."

Eighty per cent of the Asphaltic plant mix surface course has been laid (288.59 miles) as against only 73 per cent at this time in 1960.

Ninety-four per cent of the double asphaltic surface treatment — 64.7 miles — has been completed, as against 85 per cent of the 1960 program.

One hundred per cent of the seal coating (260.57 miles) has been completed and this part of the program was also completed at this time last year.

PARTLY, AT LEAST

He leered at her and commented, "Shay, madam, pardon me, but you are undoubtedly the most lovely

woman I have ever seen." With a show of spirit she replied "Well, you're the drunkest man I have ever seen."

"I know, madam," he replied. "but I'll get over that tomorrow!"
